

KARTHIK R

Flutter Developer | Junior Full Stack Developer

Phone: +91 7397157014 | **Email:** karthikragu8695@gmail.com | **Location:** Trichy / Chennai, India | LinkedIn & Github : www.linkedin.com/in/karthikldrago & <https://github.com/karthikragu8695>

PROFESSIONAL SUMMARY

Flutter Developer with 1+ year of experience building scalable mobile and web applications using FlutterFlow, Flutter, Supabase, and Firebase. Skilled in developing responsive UI, real-time database integration, authentication systems, and REST API integration. Passionate about writing clean, maintainable code and continuously improving Flutter and Dart expertise. Seeking an opportunity to contribute to a growth-oriented development team.

WORK EXPERIENCE

Flutter Developer | **Vector Technologies — Trichy** | Jun 2024 – Aug 2025

- Developed **5+ production-level mobile applications** using FlutterFlow and Supabase.
- Implemented **secure user authentication and real-time database systems**, improving app performance and reliability.
- Designed **responsive UI screens**, ensuring smooth experience across multiple devices.
- Optimized Supabase queries, reducing backend response time by **~30%**.
- Applied state management techniques to enhance **UI performance and responsiveness**.
- Collaborated in an **Agile team environment**, delivering features on time.

Data Entry Executive | **Jothi Groups — Trichy** | Sep 2025 – Present

- Maintained and managed structured datasets with high accuracy and data integrity.
- Improved data processing efficiency by implementing automation tools and workflows.
- Assisted in system-level data validation, quality checks, and reporting tasks

PROJECT EXPERIENCE

Licious Clone | *Flutter, Dart, Supabase, SharedPreferences*

- Developed a fully functional food ordering mobile application with product listing and cart features.
- Implemented persistent cart management using SharedPreferences for local data storage.
- Built reusable, modular widgets for product cards and category sections to improve code maintainability.
- Integrated user authentication and multi-screen navigation routing.
- Applied state management for dynamic UI updates and optimized rendering for smooth scrolling.

EDUCATION

B.Sc Computer Science — 2020 – 2023

Srimad Andavan Arts & Science College

TECHNICAL SKILLS

Mobile Development: FlutterFlow (Proficient), Flutter & Dart (Intermediate)

Backend & Database: Supabase, Firebase

Programming Languages: Dart, JavaScript

Frontend :HTML, CSS, Angular, DOM Manipulation

Tools : Git, VS Code

Concepts: State Management, REST API Integration, Responsive Design, UI/UX Optimization, Authentication

CERTIFICATIONS

Advanced Training in Java Technology — Accord Info Matrix, Chennai | Nov 2023

Core Java, J2EE

Advanced Training in Web Designing & Web Application Development — Accord Info Matrix, Chennai | Nov 2023

HTML, CSS, JavaScript, Angular, DOM Manipulation
